Hi Rachel,

The PM team is done with edits. A few people are working with Mary/Tina to address a final request for some additional text from OAR. We are close to finishing that addition and are addressing some final PDFing issues. So near-ish future is correct and about as specific we can get at this point since the IOAA has to grant approval to release. We'll keep you posted.

Sounds good, I'll expect a near-ish in the future release date. So is the PM ISA team done with edits, you guys are just waiting for final approval?

Thanks,
Rachel Lehmann

PM is not actually an FY18 APR. But we do need to get it out soon to give CASAC time to review it before the meeting tentatively scheduled for December.

Hi Rachel,

Thanks for the email. We have not been told a date we can release it, however, it is an FY18 APR, and the fiscal year ends in a few days. We are currently waiting on final approval. As soon as I hear something I'll let you know.

I'm cc'ing John Vandenberg, Steve Dutton, and Tara Greaver on this email too so they know things are progressing along with this.

Thanks!
Jason

Subject: Timeline for PM ISA?

Hi Jason,

Anna is reviewing the final draft of the Communication plan for the PM ISA, I'll get the final to you and the ISA team after she's done with her review. We were wondering what the current timeline for the draft ISA is? Is there a new target release date? Knowing the timeline will help us coordinate when to get the comms materials to OAQSP so they can do a review.

Thank you,
